

GOVERNMENT SOAP WORTH THE MONEY

Recruiting Officers Say It
Is an Indispensable
Article.

If you have any disposition to shun the washboard and do your own bed-making, stay away from the army. This is the advice of Tulsa's corps of recruiting officers for the war department, and as only men who have seen field service are sent out to secure recruits, these men speak with experience as well as authority.

"Government Soap" is the name given to the popular brown soap used in the army and it is probable that no other issued article placed in the hands of the fighting force of Uncle Sam is put to more use than this.

Sanitary regulations provide that all articles in the mess hall shall be kept spotless. "Government Soap" is used on the tables and benches in the temporary and permanent camps with such success that the finish attained on some of the woodwork would do credit to an experienced wood polisher.

Clean the Oven.

Back in the kitchen the grease and other dirt is chased by the bars of "Government" and do your own bed-making, stay away from the army. This is the advice of Tulsa's corps of recruiting officers for the war department, and as only men who have seen field service are sent out to secure recruits, these men speak with experience as well as authority.

"Government Soap" is the name given to the popular brown soap used in the army and it is probable that no other issued article placed in the hands of the fighting force of Uncle Sam is put to more use than this.

Sanitary regulations provide that all articles in the mess hall shall be kept spotless. "Government Soap" is used on the tables and benches in the temporary and permanent camps with such success that the finish attained on some of the woodwork would do credit to an experienced wood polisher.

Rehabilitate Shoes.

But speaking of laundries, this is a good place to mention the shoe-shining department. Many a soldier has learned that a dirty shoe can be polished and even restored by the use of the "bouquet." Soldiers who wish to place an old pair of shoes in commission after they have tested and dried for several weeks, place the shoes in water and add a "bump" of soap as large as a walnut. The result is a pair of flexible shoes which will be lengthened in life by several forced marches. But that is not all—they even shave with it in the army.

Pure Ice

That's the only
kind we have—

Impure ice is worse
than no ice at all—

Our ice is clear as
crystal, hard, last-
ing and above all,
it's PURE.

People's Ice Co.

"WATCH FOR THE WHITE WAGONS" OR
PHONE-319-PHONE

1915 Tom-Tom. The announcement of the affair was made yesterday at a special assembly.

Those who have charge of the affair hope to raise \$200 during the evening this being approximately what is needed. This deal has nothing to do with the 1915 Tom-Tom, which was left to those who were in charge last year and who have graduated.

The faculty is behind the movement and leading men and girls of all classes are backing it.

In addition to the regular sale of books at auction there will be a musical program with attractions of various degrees of "hot."

DEMOCRATS GIVE UP WITHOUT A BATTLE

Large Republican Registration
Throws Blankets on Admin-
stration Hopes.

Special to The World
TULSAVILLE, May 18.—Lack of interest in the part of prospective candidates is causing no little worry to the leaders of the Democratic party in Washington county. While the primaries are more than two months away, not one Democrat has announced for office. Already three Republicans have announced for various offices and before another two weeks the field of candidates will have reached a dozen or more.

One reason offered for the lack of interest on the part of Democrats is the increased majority of Republicans shown in the registration. They argue there is little chance of trying to overcome a Republican majority of approximately 250. They prefer to risk the money they would spend in making the race in the primaries and the general election on a surer thing. While a cloud of sorrow is hanging over the Democratic camp, a white cloud of happiness hangs over the Republican camp. It is more than possible the election this fall as far as this county is concerned, will resolve itself into a one-party race.

In the Oil Fields

Office 909 J. A. McKee Res. 3577-3

CONTINUED FROM PAGE EIGHT

SOUTH CUSHING EXTENSION.
The Shaffer test in the Robert-son (also in section 2-16-7) is running the casing on top of the Bartlesville sand and will drill in today.

The Belmont Oil company No. 7 on the Adam Scott farm in section 1-16-7 is good for 400 barrels.
The Shaffer No. 8 on the M. Spaniard farm in section 4-16-7 is good for 40 barrels an hour from the Bartlesville sand.

The Hill Oil & Gas Co. No. 1 on the J. H. Heston farm in section 2-12-7 is showing for a 200-barrel well partly drilled.

The Sinclair Oil & Gas Co. No. 2 on the Heston farm in section 2-12-7 is making 400 barrels partially drilled into the Bartlesville sand.

AT BLACKWELL.
The British-Oklahoma test on the Meiers farm in the southeast of the northeast of section 1-23-14 was flowing by heads yesterday and setting the casing. They will probably drill in today.

The Mid-Co. Petroleum company's test in the southwest corner of the same section is still casing on top of the sand and may not drill in before Sunday.

The same company's test on the Larrabee farm in section 2-28-14 is drilling again at 7,300 feet and should get the sand in the next day or two.

AT OKMULGEE.

Thomas and others have made a location for a test in the southwest corner of section 16-12-11.

The Connecticut Petroleum company is drilling at 600 feet in its test in section 16-12-11.

The Whitner oil company test in section 22-12-11 is drilling at 2,500 feet, having missed the 2,400-foot sand.

AT EL DORADO.

The Derby test on the Wilson farm in section 17-25-5 has stopped drilling at 50 feet in the sand, found at 2,610 feet, and is now being tubed and will be put on the pump. The latest information is that it will be good for 100 barrels.

The Peerless Petroleum company has made a location for a test in the southwest of section 3-26-5.

GIANT COUNTY.

A. H. Morton and others are ready to spot in their test on the Low farm in the northeast of the northwest of section 26-29-14.

The La Noria Grande Oil company is waiting on tools in its test on the Beard farm in the northeast of the southwest of section 18-27-14.

AT VALE.

The Carter Oil company's test in section 14-19-5 is swabbing about 150 barrels a day from the Bartlesville sand, 55 feet in. It will be drilled a little deeper and shot.

The Sinclair Oil & Gas Co. is

MONTGOMERY COUNTY, KAN.

The Continental Oil & Refining Co. No. 2 on the J. B. Swearingen farm in section 5-33-15 is a 10-barrel well.

John A. Bell, Jr. No. 29 on the J. C. Hester farm in section 18-34-15 is making eight barrels.

Gilmore brothers and others' No. 2 on the D. B. Sowell farm in section 18-34-15 is good for 25 barrels.

H. A. Packer's No. 1 on the S. L. Fellows farm in section 8-33-15 is dry and abandoned.

AT OKMULGEE.

Black and others' No. 2 on the Anna Watson farm in section 33-14-13 is good for 2,000,000 feet of gas.

The Standard Royalties company's No. 1 on the Joseph M. Grissom farm in section 29-14-13 is dry and abandoned.

W. H. Gray and others' No. 1 on the P. M. Blanchard farm in section 8-13-13 is good for 20 barrels.

CHAUTAUGUE COUNTY, KAN.

Coulter and Raymond's No. 12 on fee land in section 23-34-12 is good for five barrels.

Nafel and Templeton brothers' No. 5 on the M. C. Sadler farm in section 11-35-12 is making 5,000,000 feet of gas.

IN THE OSAGE.

The Dallas-Osage Oil company's No. 37 in section 24-27-10 is good for 40 barrels.

AT BARTLETT.

The Pulaski Oil company's No. 7 on the Jessie Johnson farm in section 18-12-12 has recovered tools and is drilling at about sand depths.

LEFT FOR NEW YORK.

E. B. Huston, director and assistant secretary and treasurer of the Sinclair Oil & Refining corporation, left yesterday afternoon on a short

Women's Wear

Epperson's

How We Can Increase Our Weight

THIN people, particularly those who are ten pounds or more under normal weight, and who would like to put on some good healthy stay-there flesh will be glad to know that such a result is often made possible by merely enabling the system to extract and assimilate a greater proportion of the flesh and fatmaking elements in our daily meals.

It is said that while thin people eat enough, the greater portion of the fleshmaking nourishment of their food goes right through their bodies as waste because their assimilative organs are defective and cannot absorb them.

To correct such a defect and to get 100 per cent strength and fleshmaking efficiency from your food try

NOTE—Sargol, referred to above is well known as a flesh builder to the Rexall drug store as well as many other of the leading local druggists who furthermore sell it on the positive guarantee, as found in each large package of satisfactory weight increase or money back. In view of this liberal offer and the harmless nature of the remedy, it would seem that all who desire increased weight should be glad to give this method a trial.—Adv.

trip to New York, where he will join Mr. Sinclair, who left the day before.

SOUTH OF MUSKOGEE.

Bassett and others are spudding in for a test in the northeast corner of the southeast of section 24-13-17.

BIG OKMULGEE WELL.

The test of Kimbley, Lambert and others on the Floyd Lucky farm in section 14-13-13 has been deepened 7 feet and is making a strong 30 barrels an hour.

WEST OF STONE BLUFF.

The Prairie Oil & Gas Co.'s test in section 1-16-14, offsetting Ardizzone and others on the south is

showing for a fine well and flowing about 10 barrels an hour according to reports yesterday.

AT SCHULTER.

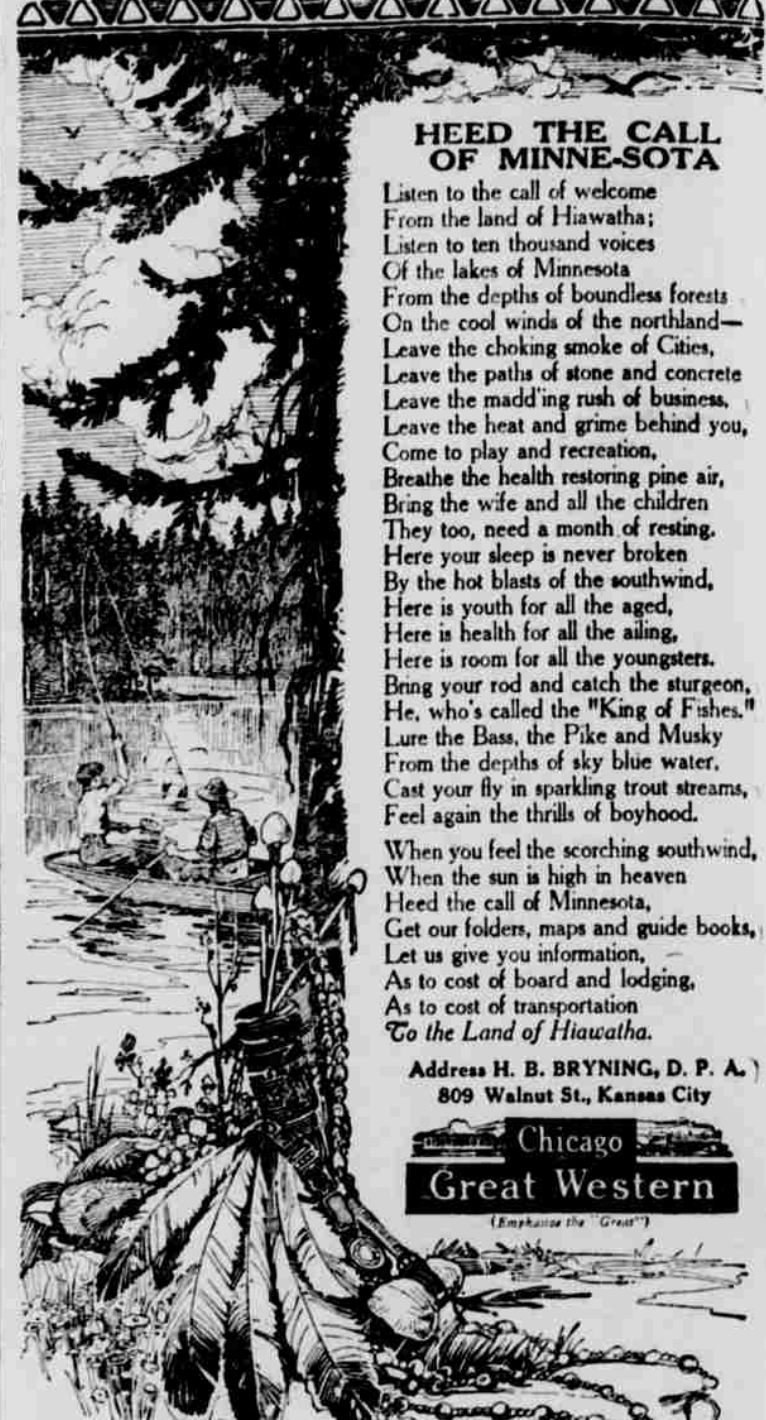

The Ethlyn Oil company's test in the northeast corner of the southeast of section 27-12-13 is dry in the deep sand and will be plugged back and shot in the field sand.

AT PONCA CITY.

Watchorn and others are building a rig for a deep test in the southwest of section 23-25-2e.

HEED THE CALL OF MINNE-SOTA

Listen to the call of welcome
From the land of Hiawatha;
Listen to ten thousand voices
Of the lakes of Minnesota
From the depths of boundless forests
On the cool winds of the northland—
Leave the choking smoke of Cities,
Leave the paths of stone and concrete
Leave the madd'ning rush of business,
Leave the heat and grime behind you,
Come to play and recreation,
Breathe the health restoring pine air,
Bring the wife and all the children
They too, need a month of resting.
Here your sleep is never broken
By the hot blasts of the southwind,
Here is youth for all the aged,
Here is health for all the ailing,
Here is room for all the youngsters.
Bring your rod and catch the sturgeon,
He, who's called the "King of Fishes,"
Lure the Bass, the Pike and Musky
From the depths of sky blue water,
Cast your fly in sparkling trout streams,
Feel again the thrills of boyhood.

When you feel the scorching southwind,
When the sun is high in heaven
Heed the call of Minnesota,
Get our folders, maps and guide books,
Let us give you information,
As to cost of board and lodging,
As to cost of transportation
To the Land of Hiawatha.
